

Essential

- product card

Tarasola Essential is a graceful modern roofing system with a solid construction. This product meets the requirements of the most demanding users.

Essential is an aluminum bioclimatic pergola. The louvers open automatically and have a range of rotation from an angle of 0° through to 135°, which allows for sun exposure and air circulation control. The design is light and airy, moreover it can be fitted out with sliding glass, roller blinds and LED strip lighting. There are also various additional accessorizing options available including infrared heaters and wind, rain and temperature sensors.

SPECIFICATION

- The structure is made of extruded powder-coated aluminum.
- Electric motor control included in the price.
- Water drainage system included in the price.
- Possibility of powder coating in any RAL colour.
- Louvres rotate from 0° to 135°.
- 3rd class wind resistance.
- Option of additional accessories:
 - lighting – LED strips,
 - glazing,
 - shutters,
 - Screen Zip,
 - infrared heaters,
 - wind, rain and temperature sensors.

LED lighting – LED strip lights, integrated with the gutter
