Slide folding doors

Relax and Enjoy

Visofold doors fold open effortlessly, gliding on stainless steel rollers allowing unrestricted thoroughfares and the maximum use of space and light. The signature smooth contours and the curved clean lines create an attractive aesthetic that will complement any home, beautifully.

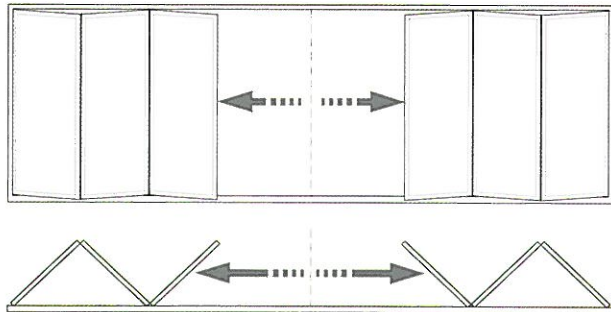

## Contemporary open space living

Visofold's aluminium section utilise the latest polyamide thermal barrier technology. This advanced profile technology creates a thermal transmittance barrier between the cold outside and the warm inside, keeping your home warm and comfortable even in the coldest weather.

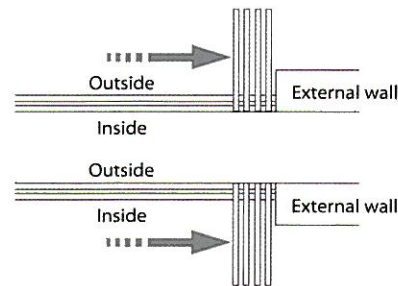

Sliding sashes have the option of folding back internally or externally, with a wide choice of sash configurations. For ease of access you do not have to open the doors all the way. You can choose to open the doors as you would with French Doors or from the side like a normal entrance door.

Visofold doors fold to give large opening aperture.

Choose to fold Visofold doors internally or externally.

The aluminium profiles are finished in polyester powder coated paint and are available in a huge range of colours and finishes that includes dual colour, realistic wood structure and metallic paint options. The polyester powder coated paint finish is produced to the highest standards and is quality assured.

Quickslide are proud to be in partnership with Smart Aluminium Systems to produce arguably the most stunning bi-folding door systems you could choose

**The perfect fusion of  
home and garden**

If your kitchen is the heart of your home,  
then the garden is it's soul
